

SLAM TO START TRENCHING AT SILVERJACK

Trenching and drilling planned to test high grade silver-copper-lead-zinc deposit.

For Immediate Release

24 September 2010

Miramichi, New Brunswick - SLAM Exploration Ltd. (TSX-V:SXL) ("SLAM") announces it is mobilizing equipment to commence trenching at its Silverjack property on Monday, 27 September. The proposed trenching will test for extensions to the Silverjack deposit where SLAM recently reported high grade drilling results ranging up to 653 g/t (19.05 oz/ton) silver, 2.69% copper, 11.9% zinc and 9.8% lead as announced 16 February 2010.

SLAM intends to follow up the trenching with a drilling program on Silverjack and other high priority targets such as the Doyle silver-copper occurrences. Grab samples at the Doyle showing range up to 126 g/t silver and 12.9% copper as reported by press release 09 March 2010. Trenching may generate other high priority targets within SLAM's extensive claim holdings.

The Silverjack property comprises 63 wholly owned mineral claims plus 13 claims under option for a total of 1290 hectares. This property is located 12 kilometres southwest of the Belledune smelter and seaport and adjacent to SLAM's Nash Creek property comprised of 406 mineral claims covering 6,496 hectares. Michael R. Taylor, P.Geo. President and CEO of SLAM Exploration Ltd. is the Qualified Person responsible for the technical information contained herein.

Mike Taylor states, "Silver and gold prices continue to surge upward. SLAM intends to trench and subsequently drill Silverjack in tandem with drilling on the Reserve Creek gold deposit. We expect to generate a steady stream of positive news from these projects."

SLAM is a mineral resource company based in Miramichi, New Brunswick. SLAM continues to be active in gold and base metal exploration in Ontario and New Brunswick. Additional information about SLAM and its projects is available at www.slamexploration.com or from SEDAR filings at www.sedar.com. *Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*
